

## Demsa ABC Safety Sheet

### Product and Material Safety Data Sheet:

**Demsa ABC 40 - Demsa ABC 55 - Demsa ABC 75 - Demsa ABC 90**

Dry Chemical Powders

### Fire Classes:

**ABC** - USA standards / **AB(E)** - EEC standards.

### 1. Identification of the Substance and of the Company Undertaking

#### Product Name:

**Demsa ABC 40 - Demsa ABC 55 - Demsa ABC 60 - Demsa ABC 75 - Demsa ABC 90**

#### Product Description:

Dry Chemical Fire Extinguisher Recharge - Fire Extinguishing Agent.

#### Manufacturer/Supplier:

Industrias Químicas Dem S.A.

#### Address:

Ruta 9 Km 79 - Campana (2804) - Buenos Aires - Argentina - Tel: (+54) (3489) 495 000 al 495 099  
comercial@demsa.com.ar - www.demsa.com.ar

Safety Data Sheet according to EC directive 2001/59/EC and OSHA's Hazcom Standard (29 CFR 1910.1200).

### 2. Hazards Identification

No hazardous material

SIDE EFFECTS	
Routes of Exposure	Eye contact - Skin contact - Inhalation.
Target Organs	Eye - Skin - Respiratory System.
Health Effects - Eyes	Contact for short periods of time may cause irritation.
Health Effects - Skin	Contact may cause mild irritation.
Health Effects - Ingestion	Ingestion is not an expected route of exposure.
Health Effects - Inhalation	May irritate the respiratory tract. May cause transient cough and shortness of breath.

Medical conditions which may be aggravated by inhalation or dermal exposure: Persons with unusual (hyper) sensitivity to such chemicals may experience adverse reactions to this product.

Carcinogenic potential: This product and its ingredients are not listed as a carcinogen by NTP, OSHA, ACGIH or IARC.

### 3. First Aid Measures

**Eyes:** Immediately flood the eye with plenty of water for at least 15 minutes, holding the eye open. Obtain medical attention if soreness or redness persists.

**Skin:** Wash affected area with soap and water. Obtain medical attention if irritation persists.

**Ingestion:** Dilute by drinking large quantities of water and obtain medical attention.

**Inhalation:** Move victim to fresh air. Obtain medical attention immediately for any breathing difficulty.

**Advice to Physicians:** Treat symptomatically.

**Advice to the doctors: To treat in agreement to the symptomatology.**

### 4. Composition / Information on ingredients

Chemical Name	%	CAS Number	EC Number	Class
Monoammonium Phosphate	40-90	7722-76-1	231-764-1	Not listed
Ammonium Sulfate	5-55	7783-20-2	231-984-2	Not listed
Methylhydrogen Polysiloxane	0.4-1.4	69037-59-2	Not listed	R:36.37.38
Silica	0.4-1.4	7631-86-9	231-545-4	Not listed
Others	1.4	No specify	No specify	No specify

### 5. Fire Fighting Measures

#### Extinguishing Media

This preparation is used as an extinguishing agent and therefore is not flammable. Use extinguishing agent appropriate to other materials involved.

This extinguishing agent is mainly used inside pressurized

## Demsa ABC Safety Sheet

fire extinguishers. Keep pressurized extinguishers and surroundings cool as they may rupture or explode in the heat of a fire.

Protective Equipment for Fire-Fighting: Wear full protective clothing and self-contained breathing apparatus as appropriate for specific fire conditions.

### 6. Accidental Release Measures

Sweep up or vacuum. Prevent skin and eye contact. Wear appropriate protective equipment. To remove the product rapidly from other incompatible products (alkaline materials and caustic products).

### 7. Storage

#### When stored in bulk:

Keep in its original container or appropriate end-use container. Storage area should be cool, dry, well ventilated, under cover and out of direct sunlight. The powder's integrity depends on the prevalent storage conditions. It is highly recommended to store in temperatures between 4°C to 49°C/35°F to 120°F (ideal storing temperature is 20°C  $\pm$  2°C/64.4°F to 71.6°F), dry places (60%  $\pm$  5% relative humidity), avoid sudden weather conditions changes, do not stack the pallets, handle the packages with care and maintain the product in its original, tight sealed packaging until use.

#### When inside pressurized extinguishers:

Pressurized extinguishers should be properly stored and secured to prevent falling or being knocked over. Do not drag, slide or roll extinguishers. Do not drop extinguishers or permit them to strike against each other. Never apply flame or localized heat directly to any part of the extinguisher. Store pressurized extinguishers and plastic containers away from high heat sources.

### 8. Handling - Exposure controls and personal protection

#### Engineering Control Measures:

Use with adequate ventilation. There should be local procedures for the selection, training, inspection and maintenance of this equipment. When used in large volumes, use local exhaust ventilation.

#### Respiratory Protection:

Use dust mask where dustiness is prevalent, or TLV is exceeded. NIOSH or MSHA approved particulate filter respirators should be used in the context of respiratory protection program meeting the requirements of the OSHA respiratory protection standard [29 CFR 1910.134]

to control exposures when ventilation or other controls are inadequate or discomfort or irritation is experienced.

#### Skin Protection - Hand and Body Protection:

Skin contact should be minimized through use of latex gloves and suitable long sleeved clothing. Hand protection is not normally needed when used in a portable fire extinguisher.

#### Eye Protection:

Chemical goggles or safety glasses with side shields.

#### Work Practice Controls:

Personal hygiene is an important work practice exposure control measure and the following general measures should be taken when working with or handling this material: Do not store, use, and/or consume foods, beverages, tobacco products, or cosmetics in areas where this material is stored. Wash exposed skin promptly to remove accidental splashes or contact with this material.

### 9. Physical and chemical properties

PHYSICAL STATE	SOLID POWDER
Color	Yellow: ABC 40, ABC 55, ABC 75, ABC 90 Green: ABC 60
Odor	Odorless
Specific Gravity (H <sub>2</sub> O=1):	>0.85 g/m <sup>3</sup>
PH	6.0/7.5
Boiling Range/Point (°C/°F)	200°C/392°F°
Flash Point (PMCC) (°C/F)	Not flammable
Solubility in Water	Not soluble
Vapor Density (Air = 1)	Heavier than air
Vapor Pressure	Not applicable
Evaporation Rate	Not applicable

### 10. Stability and reactivity

**Stability:** Stable under normal conditions.

**Conditions to Avoid:** Heat - High temperatures - Exposure to direct sunlight.

**Materials to Avoid:** Strong oxidizing agents - strong acids - sodium hypochlorite.

## Demsa ABC Safety Sheet

Hazardous Polymerization: Will not occur.

Hazardous Decomposition Products: Oxides of carbon, ammonia, oxides of phosphorus, nitrogen oxides.

### 11. Toxicological information

Acute Toxicity: Low order of acute toxicity.

Chronic Toxicity: This product is not expected to cause long term adverse health effects. Mica and clay may contain small quantities of quartz (crystalline silica) as an impurity. Prolonged exposure to respirable crystalline silica dust at concentrations exceeding the occupational exposure limits may increase the risk of developing a disabling lung disease known as silicosis.

Genotoxicity: This product is not expected to cause any mutagenic effects.

Reproductive & Developmental Toxicity: This product is not expected to cause adverse reproductive effects.

### 12. Ecological information

Mobility: No relevant studies identified.

Persistence/Degradability: No relevant studies identified.

Bio-accumulation: No relevant studies identified.

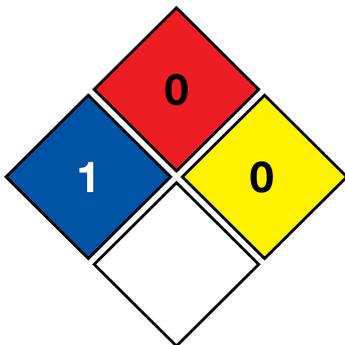

Ecotoxicity: No relevant studies identified.

### 13. Disposal considerations

Dispose of container in accordance with all applicable local and national regulations. Do not cut, puncture or weld on or near to the container. No harm to the environment is expected from this preparation.

### 14. Regulatory information

Label Requirements

Health (Blue): 1

Flammability (Red): 0

Physical Hazard (Yellow): 0

Personal Protection (White)

NFPA/HMIS Definitions: 0-Least, 1-Slight, 2-Moderate, 3-High, 4-Extreme

Protective Equipment: Safety glasses, gloves.

### WARNING: MAY CAUSE EYE AND/OR SKIN IRRITATION

#### EEC regulations

Classification and labelling have been performed according to EU directives 67/548/EEC and 99/45/EC including amendments (2001/60/EC and 2006/8/EC) EU Risk (R) and Safety (S) Phrases -

R22 - Harmful if swallowed

R36/37/38 - Irritating to eyes, respiratory system and skin.

S2 - Keep out of the reach of children

S24/25 - Avoid contact with skin and eyes

S26 - In case of contact with eyes, rinse immediately with plenty of water and seek medical advice

S28 - After contact with skin, wash immediately with plenty of soap and water or a recognized skin cleaner

S36/37 - Wear suitable protective clothing and gloves.

S45 - In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible).

S53 - Avoid exposure - obtain special instructions before use.

S46 - If swallowed, seek medical advice immediately and show this container or label.

#### EEUU regulations

OSHA Hazard Communication Standard, 29 CFR 1910.1200

This product is not considered a "hazardous chemical" under this regulation but could be included in the employer's hazard communication program.

Transportation Information

This product is not regulated for its transportation (ADR/RID,IMDG,IATA)

Classified as NOT DANGEROUS according to transport regulations.

### 15. Abbreviations used in this safety sheet

CAS#: Chemical Abstracts Service Number

ACGIH: American Conference of Governmental
